## **PRESS RELEASE**

**Bushmaster® Firearms Industries, Inc.  
Carson City, Nevada  
October 16, 2024**

**Bushmaster® Firearms announces a new Varminter Rifle for 2024, the V-Radicator™.**

Bushmaster® Firearms is a historic American brand with a legacy of building America's Rifle in the USA with 100% USA parts and materials. Keeping with that tradition, Bushmaster® is excited to introduce the varmint focused hunting rifle, the V-Radicator™.

Introducing the ultimate companion for any varmint hunter, the .223 Wylde V-Radicator™ rifle is crafted with the dedicated varmint hunter in mind. The V-Radicator™ series is optimized to deliver accurate hits on small game and varmints at extended ranges.

The .223 Wylde chambering allows the flexibility to utilize 5.56 NATO or .223 Remington ammunition to achieve unparalleled accuracy and reliability.

With offerings in an 18", 20" and 24" 416R Stainless Steel fluted barrel, the V-Radicator™ gives the hunter a variety of ammunition options, and our flattop upper and BFI handguard supplies ample room for the long range optics needed. The V-Radicator™ series also comes equipped with a stainless-steel thread protector, making installation of your favorite muzzle device or suppressor simple. Outfitted with Magpul's® MOE® K2-XL grip and PR™ Carbine Stock, this rifle series provides a level of comfort that allows you to hunt all day.

Whether you're shooting Prairie Dogs from a bench in South Dakota, or calling in Yotes in the Texas Panhandle, you can depend upon the V-Radicator™ series to deliver, time and time again.

### **Key Features:**

**Enhanced Barrel Design:** This rifle series is chambered in .223 WYLDE and can use both .223 and 5.56 ammunition, and is designed for use with the highly accurate .223 WYLDE ammo option.

**Quality Construction:** Built with 100% American made parts, materials, and a corrosion-resistant finish, the V-Radicator™ is designed to withstand the toughest conditions while maintaining better than MOA accuracy round after round.

**Modular Stock and Grip System:** The V-Radicator™ includes a fully adjustable Magpul® MOE® PR® Carbine Stock and an Magpul® MOE®-K2-XL Grip.

**Integrated Optics Rail:** Equipped with a FlatTop Picatinny rail for easy attachment of high-powered optics, ensuring clear target acquisition and accuracy.

**Restricted state options available.**
